

# ANNA SAVCHENKO

INTERN / JUNIOR DEVELOPER

## OBJECTIVE

Improve ReactJS skills, MERN stack  
Currently learn animations, motions  
Interested in Data visualizing

## PROFILE

Based on previous experience, I am a ready-to-work highly organized, responsible, flexible, trustworthy and quality result-driven employee.

### Career switcher

My path started from learning 3D applications like AutoCad and SolidWorks, then I did layouts in Photoshop and CorelDraw and dreamed to rebuild old-fashioned company site, thus having moved to Belgium my choice fell to ICT field.

### Enthusiastic, Involved and Active

Having passed the competitive selection for the course, I started learning web-development tools and languages from zero and showed a high collaboration in teamwork, active mindset in looking for situations to broaden and deepen my competence.

### Asking question, Stack Overflowing

I have learned how to scour web-dev platforms for the solution to leave in peace my colleagues, also I dare asking questions showing that there's still someone alive and really curious and I won't give-up.

## LANGUAGES

English - B2

French - B1

Dutch - 2.1 (in progress 2.2)
